

Surat ar-Rum, 29-32

Excerpt from Mr. Adnan Oktar's live interview dated September 11, 2011

Surat ar-Rum, 29-32:

"However, those who do wrong pursue their whims and desires without any knowledge."What is knowledge? The Qur'an. They have gone along with inventions produced by pagans, not based on the Qur'an. **"Who can guide those whom Allah has led astray? They will have no helpers."**

"So set your face firmly towards the religion [the Qur'an], as a pure natural believer, Allah's natural pattern on which He made mankind. There is no changing Allah's creation. That is the true religion – but most people do not know it –"

The religion described by the Qur'an. **"...but most people do not know it."** Allah says that the bigots do not know it now. **"...as a pure natural believer,"** in a pure form, adding nothing to the Qur'an. **"...turning towards Him. Have fear of Him and establish prayer."** Pray in the proper way. Not as the unbelievers describe. **"Do not be among the idolaters:"** People say, "But that does not refer to me." But it does refer to you. If you make additions to the Qur'an, heed idols and idolaters, if you say, "this polytheist and that idol said this or that against the Qur'an," then you are also one of the idolaters. **"...those [polytheists] who split up their religion;"** yet people still say that does not refer to them. But it does. **"...and form into sects;"** Who does it refer to then? "Not to us," they say. **"...each faction exulting in what they have."** "I am the best of all," they say. "I am one of the saved." But Allah sets it out quite explicitly. **"...and form into sects;"** He says they are divided into separate factions among themselves. **"...each faction exulting in what they have."** Allah says they say they are the best. They say the verse does not refer to them. But it does. **To maintain that the Qur'an is insufficient is to declare war on Allah. To say the Qur'an is insufficient is to insult the Qur'an, it is to declare war against Allah's religion.** But they regard the insufficiency of the Qur'an as a minor thing. Though issues many threats regarding the Qur'an. **Allah says we will be held to account for the Qur'an alone, and nothing else.** One will not be held to account for the nonsense dreamed up by unbelievers, only for the Qur'an. He says that people say they will also be called to account for the nonsense of unbelievers. There is not holding to account for idols or what idols say. Only for the Qur'an. What can we say if people refuse to believe it? Allah says, and the verse is totally explicit; Is that not clear enough? Allah is not talking about any other book. In the form transmitted by our Prophet (saas), insha'Allah.
