

Surah Ya Sin, 78-82

Excerpt from Mr. Adnan Oktar's interview on A9TV dated November 29, 2012

Surah Yasin, Verse 78

He makes likenesses of Us and forgets his own creation, saying, 'Who will give life to bones when they are decayed?'

"...and forgets his own creation", a person can examine his own creation; the molecular structure, the vacuole, the mitochondria, he can analyze everything. Without examining his own creation, in an ignorant manner, they say, **"Who will give life to bones when they are decayed?"**.

Surah Yasin, Verse 79

Say 'He Who made them in the first place will bring them back to life. He has total knowledge of each created thing;

"Say 'He Who made them in the first place will bring them back to life.'" Allah says that He has created it once and He can do it again. This is very clear; one can see it and witness it. You can sense it with the five senses. How could anyone accept to be non-existent? If you live in a particular dimension, and Almighty Allah says, "I will create you and ascend you to the world", "I will cause you to be born from your parents", they will ask, "How will this happen?" You see that this has already happened, so what are you asking about? "He has total knowledge of each created thing." Allah says that He knows all manners of creation.

Surah Yasin, Verse 81

Does He Who created the heavens and earth not have the power to create the same again? Yes indeed! He is the Creator, the All-Knowing.

"Does He Who created the heavens and earth not have the power to create the same again?" If I go and ask to the maker of this rosary if they can produce another one, they will say, "Surely", for he has made it once and he can do it again. How many times does it have to happen?

Surah Yasin, Verse 82

His command when He desires a thing is just to say to it, 'Be!' and it is.

That is what Allah says. There is no need for evolution.
