

Surat al-Humaza, 2-3

Excerpt from Mr. Adnan Oktar's interview on A9TV dated March 17, 2013

Surat al-Humaza verses 2-3

...who has amassed wealth and hoarded it!

He thinks his wealth will make him live for ever.

"...who has amassed wealth and hoarded it!"

Allah is also opposed to capitalism. The Qur'an is opposed to capitalist thinking. I have never seen such a concise criticism of this modern kind of savage capitalism. **"He thinks his wealth will make him live for ever."**

Allah describes their mentalities. They have this amazing sense of self-importance, as if they will never die; they all behave as if they will never die.
