

New Statements by Mr. Adnan Oktar (2 June 2016)

THROUGHOUT HISTORY, MANY PEOPLE WHO WERE INTRODUCED AS MUSLIM LEADERS WERE IN FACT HYPOCRITES AND THEY LED THE WORLD OF ISLAM TO DIVISION

For the last three centuries, hypocrisy has ruined and brought division to the world of Islam. For example, many Muslims are not aware of the fact that many people they have trusted throughout history were actually hypocrites. Many Muslim leaders, many Muslims that appeared to be leaders were actually hypocrites. They caused the world of Islam to become divided, and Muslims to suffer oppression and devastation and these people were presented as heroes. Our Prophet (saas) says in the hadith, *"Traitors will be presented as good people; scholars, saints and those who hold authority will be presented as evil"* via the power of propaganda that satan carries out in the End Times. This has been done until now. Every precious person was presented as evil, and every vile person, every hypocrite, was presented to Muslims as a good, acceptable person. Thus, in the last two or three centuries, all around the world, Muslims followed these people to their ruins. Of course, some of these leaders were more decent and well-mannered. Some of them actually displayed saintly characteristics. But they were in the minority. Since most of these leadership positions were occupied by hypocrites, the world of Islam suffered devastation at their hands and this is still the case as most of the world of Islam is ruled by hypocrites. Muslims are suffering a terrible oppression and most of these leaders are mere pawns. Yet Muslims are oblivious to this fact. Through a subtle hypocritical craft, these people are virtually pulling the wires of Muslims just as a puppeteer pulls the wires of his puppet. I do not mean all of the Muslims, but this is the state of the Muslims for the most part, and this way, these people achieve their ends.

THE BRITISH DEEP STATE SEEKS TO EXERT CONTROL OVER THE WORLD OF ISLAM BY EXPLOITING HYPOCRITES. SINCE HYPOCRITES ARE SELF-SEEKERS WHO PURSUE SUPERIORITY, THEY EASILY ACCEPT SERVITUDE UNDER THE SYSTEM OF THE DAJJAL

Hypocrisy poses the biggest problem in the world of Islam. For example, the British Deep State most probably realized this fact by studying the Qur'an, the Torah, and the Bible. They contemplated on how they can exert power over the world of Islam and learning from the experiences of the pharaohs of the past, and Nimrod as well, they found the method they need to achieve their ends in the most secure, fiercest and shortest way possible. What is this method? It is to bring hypocrites under their control and herd them. By means of the hypocrites, there is nothing that the irreligious cannot achieve in the world of Islam. Since hypocrites are cowards and flatterers, and seek to gain position, status, benefit and money, since they do not fear God yet pursue grandeur, superiority and haughtiness, the British Deep State quickly seeks such creatures within the Islamic community out and exploits them to cause trouble among Muslims. Some of them are from among the writer community, some of them are politicians, and some of them are businessmen, etc. They seek out the hypocrites from among all these circles and use them to cause trouble among Muslims.

THE ROOT CAUSES THAT FOSTER HYPOCRISY ARE INSINCERITY, THE WEAKNESS IN FAITH, THE LACK OF KNOWLEDGE REGARDING THE TRUTHS OF FAITH, AND DARWINISM

Darwinism virtually handed the world of Islam over to the clutches of hypocrisy. A majority of the world of Islam is ruled by hypocrites. They have control over every segment of the community. Day and night, they carry out massacres among Muslims. They say, "We dropped this many bombs. Now, cover the expenses." They are paid more than enough for their atrocious deeds while using Muslims to do the bombings. They have Muslims bomb other Muslims. They pit Muslims against other Muslims. They turn some of these Muslims into Darwinists, some of them into materialists, and turn some of them into terrorists; terrorist Muslims. They have these Muslims fight among each other while sipping their whiskeys and smoking their cigars, spending their days poisoning themselves. Meanwhile, Muslims continue to kill each other.

THE BRITISH DEEP STATE INCITES THE YOUTH TO BECOME SNOBS AND REBELS WHILE PRESENTING RESPECTFUL, DECENT, POLITE PEOPLE AS ABNORMAL

Some people possess an inherent sense of grandeur, egotism, and a hunger to win and lead; they harbor an ambition to surpass others in terms of intelligence, in every term. The British Deep State catches such fools and simpletons one by one like flies. It offers them a piece of candy, and like flies, they come and perch on that candy. Thus, the British Deep State exploits them as they wish against the world of Islam. The British Deep State seeks to raise a youth that is arrogant, snobbish and pedantic; a youth that is rebellious, silver-tongued, and arrogant, that engages in verbal one-upmanship, admires the irreligious, and seeks to imitate and employ all the characteristics of the irreligious. I see that they are pushing the young girls, the young boys, to become rebels with ill-tempered, argumentative and mean personalities. They incite a terrorist spirit in the youth, and promote and appreciate it. They are trying to present humble, respectful, decent, polite people as abnormal. For example, when I look at the characters the British Deep State has chosen in Pakistan, I see that all of them are snobbish, rebellious, sly, silver-tongued people who fervently support homosexuality, have Darwinist, materialist dispositions, deny God and deeply admire those who deny God. Of course, I am referring only to certain people.

THE WEAPONS MANUFACTURED IN THE FACTORIES AROUND THE WORLD ARE USED TO KILL MUSLIMS AND THE HYPOCRITES FOOLISHLY AND FLAGRANTLY BECOME INSTRUMENTS TO THIS PLOY

The weapons manufactured in the factories around the world are only used to kill Muslims. For a long time, for the last 30 or 40 years, these weapons have been only used to kill, to martyr Muslims around the world. State-of-the-art weapons, missiles, bombs are distributed to the relevant countries by the weapon factories and then get tested. In other words, they test the impact of the bombs, of the missiles, but they do so by launching them at Muslims. Or to dispose of their obsolete, outdated, rusted weapons and missiles as soon as possible, they rain them upon Muslims. Thus, these weapons are removed from their inventories. They do not explode them in open fields. They explode them by pouring them upon Muslims. For example, let's say that the USA has old, 20-year-old, 30-year-old bombs that are rusted or prone to rust. The

US either uses them itself or distributes them to Muslim countries such as the coalition forces, and rains them upon the Muslims. They have almost exhausted all the obsolete bombs in their possession and they are paid for it to the last penny. The hypocrites foolishly, immorally and flagrantly accept to become instruments to this ploy. The only country that still opposes this foul state of affairs is Turkey. But, they are resorting to many methods to try and rule Turkey out and they are trying to drag Turkey down their own erroneous paths.

THE US AND EUROPE ARE DEPLETING THEIR WEAPON RESERVES BY KILLING MUSLIMS. THIS PREDICAMENT STILL CONTINUES BECAUSE OF HYPOCRITES

The US, Europe and many other countries have recently gone through an economic crisis, and after they transferred trillions of dollars to weapon factories, they have begun to recover. As of now, the economic crisis is mostly overcome in the US, in Europe and in Russia. Money has begun to roll in from the Arab countries. These countries are bombing their own citizens, sending their own brothers to their graves, and they hand out the money they have collected in this way to the US, to Russia, to deep states. In other words, they send money in abundance to weapon factories in the US, Russia and Europe. All of the said countries have recovered from the economic crisis. They have almost depleted the outdated, rusted weapons in their possession. They have almost exhausted their reserves. Russia depleted its reserves. As a matter of fact, after that, Russia announced that they would pull out of manufacturing bombs, since they depleted their stockpiles. Tens of, hundreds of tons of bombs were dropped. They ran out. They ran out of missiles, etc. They left no outdated, rusted weapons in their reserves and since their factory reserves are now depleted, they have begun to build up these reserves once again. Once their reserves are full, they will stir up further trouble, kill Muslims once again, and make Muslims pay for these atrocities from the money the Muslim community has earned from oil trade. Because of the foolish hypocrites, this foul predicament, this vile scheme will continue.

OUR PROPHET HERALDS IN THE HADITH THAT "HAZRAT MAHDI (AS) IS AN HEIRLOOM FROM THE PROPHET ADAM AND THE CHOSEN OF THE PROGENY OF NOAH"

"Imam Mahdi is an heirloom from the Prophet Adam" says our Prophet (saas). Look, his coming was heralded even by the Prophet Adam (pbuh). Think about it, his coming was first heralded by the Prophet Adam (pbuh). *"He is the chosen of the progeny of Noah."* The Prophet Noah (pbuh) heralds his coming as well. *"He is the most distinguished among you,"* says the Prophet Noah (pbuh), insha'Allah.
