 NATO weapons on the Russian border

World War II marks one of the darkest periods in the history of mankind. It cost 70 million lives, 41 of whom were civilians. In a period of 4 years, Russian people sustained 23 million losses. During the invasion of **Russia**, Germany deployed a 4-million-strong army and utilized 600,000 motorized vehicles, along with 3500 tanks and 3000 warplanes. It took the deaths of millions of Russians to halt this fearsome force.
