

# The worst global cholera outbreak: Yemen

Dünyadaki en büyük kolera salgını: Yemen

For almost two years now, an unrelenting war has been ravaging Yemen. The conflict began when an uprising forced former President Ali Abdullah Saleh to hand over the office to Abd-Rabbu Mansour Hadi. However, a myriad of problems, including al-Qaeda attacks, corruption, unemployment and the continuing support of some military officers for the former president has caused serious problems for the new administration.

*Daily Arabic language political newspaper based in Baghdad, Al Mada newspaper is independent and one of the mostly read publication of Iraq. **Al Mada** newspaper published **Harun Yahya's** article.*
