ADAMA

MICKIEWICZA UNIVERSITY, POLAND INSTITUTE OF PHYSICAL GEOGRAPHY

Recently, I received Your giant work, *Atlas of Creation* – vol.1. I should like to thank you very much for sending me such a splendid piece of work. I do realize how great efforts should be invested in order to create such a monumental work. I'd like to add that I am a hydrologist; however, just like you, I do not believe in theory of evolution. Please be advised that till now, I have recommended your outstanding book among Polish natural historians; particularly, among my colleagues- geologists.

I take great pleasure in congratulating you for achieving such a great editor's success. I wish You personal satisfaction and all the best.
