

Turkish-Islamic Union is a destiny

Indonesia Antara News Agency, September 16-2008

Adnan Oktar: INDENOSIA, TURKEY, PAKISTAN, EGYPT, ALL OF THEM WILL AMALGAMATE INSHA'ALLAH IN NO TIME AND A GREAT TURKISH-ISLAMIC UNION AND A GREAT UNITY OF BROTHERHOOD WILL BE ESTABLISHED. **This Union will come to happen at most within ten years insha'ALLAH. When it happens, anarchy, terror, cost of living, all of them will come to an end. For the first time, people will live beautifully, happily, and in peace; we call this "the Golden Age". All the signs of this occurred, all the hadith of our Prophet Mohammad (s.a.v) has come about, the date is exactly as Allah (c.c) says, and the destiny is proceeding as he said.**

Baskent TV Interview, February 13-2009

Adnan Oktar: Arabs, Iranians, **Pakistanis**, Egyptians, whichever of them it is, Armenians, Georgians, and Lithuanians, **all of them are our lives, souls and brothers in the Turkish-Islamic Union.** We will embrace them all with compassion, and we will guarantee all of their rights, safety, lives and properties. We will enrich them, both in the materialistic and spiritual sense, we will bring them peace. This is a destiny. We will establish the biggest superpower of the World. The World will have only one power, and the world will be unipolar, only the Turkish Islamic Union will remain.
