

Surat Al-An'am, 137-138 (Hypocrites lie in the name of the Prophet (pbuh))

(Excerpt from Mr. Adnan Oktar's Live Interview dated September 18, 2010)

They say, 'THESE ANIMALS AND CROPS ARE SACROSANCT. NO ONE MAY EAT THEM EXCEPT THOSE WE WISH – AS THEY ALLEGE – AND ANIMALS ON WHOSE BACKS IT IS FORBIDDEN TO RIDE, and animals over which they do not mention Allah's name, inventing falsehood against Him. He will repay them for the things they have invented. (Surat Al-An'am, 137-138)

They act according to falsehood, fabrications and say we heard as such from our ancestors. They lie in the name of the Prophet (pbuh) and say they heard these from him. Then they charge the ones who do not carry these out with being profane. "Confuse them in their religion," so they establish a religion full of confusion. Thousands of things made unlawful, they make religion incredibly complicated. Allah gives us examples of their techniques for inventing new unlawful (haram).
