

# Surat al-Hujurat, 10

**Mr. Adnan Oktar, A9 TV, 9 January 2013**

## **Surat Al-Hucurat, 10**

**“The believers are brothers, so make peace between your brothers and have fear of Allah so that hopefully you will gain mercy.”**

For example, how can we make peace with Syria? Only when we join with them. What about Pakistan? The problems will go away only when we join with them. Iraq? The same. So Muslims should unite and if there is a problem between them, that problem should be solved, they should be reconciled. Listen, “...make peace between” says Allah. If there is a problem, if they are cross, you should eliminate that problem, make peace between them and make them real brothers and sisters.
