

Dr. Blumauer (Senior Ministerial Counsellor, Ministry Of interior Affairs)

The Federal Ministry of the Interior would like to thank you for your kindness of sending the books "Islam Denounces Terrorism" and "Matter: The Other Name for Illusion", whereby especially the first mentioned work is of great interest within the areas of our own concerns, and its study proved beneficent.

The Federal Ministry of the Interior is very eager to prevent the unjustified identification of terrorism with Islam. The enlightening deliberations in the book "Islam Denounces Terrorism" are supplying valuable assistance in this regard.
