Who Is The West Arming In The Middle East?

For a while now in the Western media, the YPG has been propagandized as 'freedom fighters' standing up to ISIS. How much of this information reflects the truth? Yes, ISIS resorts to the most unacceptable forms of violence. However, the YPG is a terrorist group that does not recognize dissent and conducts ethnic cleansing and oppresses people by force of arms. The YPG -although the name is different- is the PKK itself; one of the bloodiest terrorist organizations in the Middle East that has caused the deaths of more than 40,000 people.

While arming a terrorist organization itself is an extremely dangerous strategy, arming an organization such as the YPG/ PKK, a group that believes in the notion of bloody and violent revolution, is a major disaster. The allegations in some media organs that the PKK will disarm and continue its struggle peacefully do not reflect reality. In fact, one of the PKK's leaders, Murat Karayılan's statement in November 2012 explicitly reveals this truth, *"Our agenda is not to disarm, but the of issue arming intensively. We are struggling for arming in a more competent manner."*[i]

Bir süredir **Batı** medyasında **İŞİD**'e karşı özgürlük savaşçısı **YPG** propagandası yoğun olarak işlenmekte. Peki bu bilgi gerçeği ne kadar yansıtıyor? Evet **İŞİD** kabul edilemez bir şekilde **şiddete** başvurmakta. Ancak **YPG** muhaliflerine yaşam hakkı tanımayan, etnik temizlik yapan, **silah** gücüyle insanları baskı altına alan bir **terör** yapılanması. **YPG** -adı farklı olsa da- **40 binden** fazla **insanın** ölümüne sebep olan, **Ortadoğu'nun** en kanlı terör örgütü **PKK'nın** ta kendisi.
